COLLABORATE

IN THE MIDST OF CRISIS FOR THE VULNERABLE

V2 - Updated April 6, 2020
Greetings Members and Connectors,

Given the current crisis that the spread of the coronavirus presents, now more than ever is when we lean into the roots of our origin—to convene and collaborate for the purpose of serving those most in need in the Tampa Bay area.

This “convening” shares the collaboration needs that some of you have expressed. Organizations have been grouped according to the areas they serve. Please review to determine where opportunities for collaboration exist, then reach out to the contact person that is listed. The intention is to deepen our impact by connecting our collective resources. Thank you for your commitment.

Stay safe. Be well.
